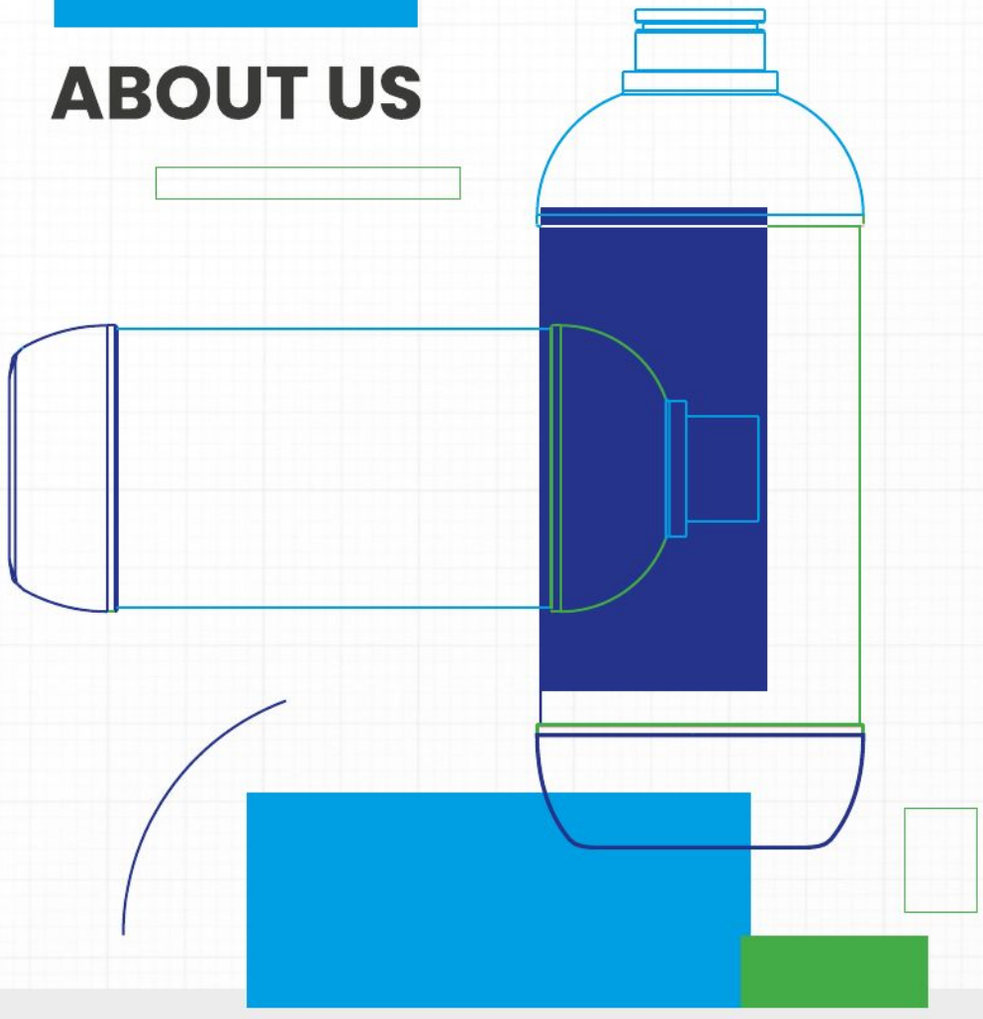
SANGAM PLASTIC INDUSTRIES

ISO 9001:2015 Certified Company

Sangam®

SINCE 1982

ABOUT US



Sangam Plastic Industries has dominated the market for over more than 40 years with its expertise and experience in plastic moulding. It is one of the pioneers in providing a wide range of primary packaging which are instrumental in Pharmaceutical, Edibles, Chemical & Pesticides, and also Cosmetic industries.

With a wide bracket of products available ranging from Tablet Containers to high quality Ribbed/Round Jars, Agro Bottles/Jerry Cans to Caps all available in various shapes, size and color. The plastic bottles can be customised as per the client's specification.

VISION

We strive to become one of the leading polymer solution providers at a competitive price. We emphasize quality, customer satisfaction and aim to produce a variety of innovative products.

MISSION

Our goal is to be a synonym to polymers. We aim to constantly push ourselves beyond limits and reinvent ourselves to keep up with the latest trend and requirements.

ESTABLISHMENT

In 1982, Sangam Plastic Industries established itself as a rigid packaging manufacturer of moulded plastic products. The company began its journey by manufacturing plastic bottles for pharmaceutical applications. With over four decades of its existence, we have manufactured an elaborate range of quality tested products.

UNIT ESTABLISHED IN 1982

MANUFACTURING FACILITY 40,000 + SQ.FT

PROCESSING CAPACITY 100 TONS PER MONTH

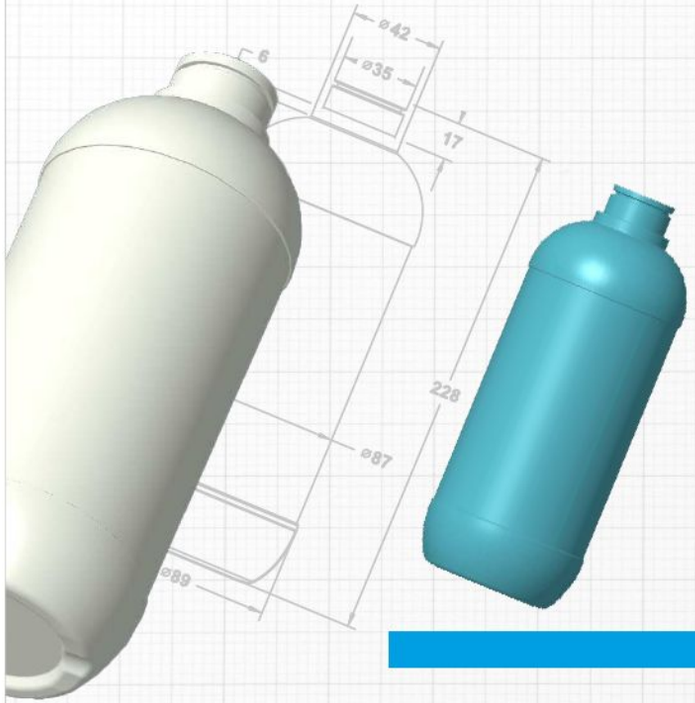
EXPORT QUALITY PRODUCTS

We have invested in modern technology suitable for our eye for perfection and developed a strong and skilled R&D facility to constantly innovate in this increasingly competitive market. We have built Clean-rooms, which are on par with Class 100,000 as per pharmaceutical standard requirement. We have developed our plants that are dust-free and hygienic to produce various articles.

We believe in the complete satisfaction of customers. Our trained customer service executives and managerial staff understand your needs and requirements.

We aim to keep our promise of delivering the most innovative, quality tested products.

QUALITY ASSURANCE



"Quality is never an accident. It is always the result of intelligent effort."
